

# SIS UPDATE

Due to the ever-changing current situation, we will keep information below beginning with March 20th and continuing to the present. Most recent communication will be on the top, but you can scroll down to review past information.

## March 20, 2020

Spartan Families,

We miss our students so much and hope they are remaining positive, reading, and staying engaged in learning. We know this schedule is new for everyone, so please know that the teachers will be flexible and deadlines will be flexible. We are aware that itsLearning is having issues with their system. Be patient, take breaks, and go back to it when you can.

Teachers have been working tirelessly all week to create an online learning environment for your student and communicate to each of their students. Students should be familiar with using itslearning for accessing class information. Students can access all CCISD resources, including itslearning on their SSO Portal:

**Beginning March 23rd - Teacher virtual office hour times via Its Learning Conference, will happen daily.**

Students can go into the teachers itsLearning Course Page, click on the Resources Tab, and look for the TV Screen icon to get into the virtual conference room. You should be able to communicate with your teacher by video or discussion board. Only 3 people will be able to chat live at a time, but discussion through text is always available. Using this program will be a new adventure, so please be patient and remember teachers can always call the home or reply to your email if you can't communicate with them at this time.

### Daily Office Hours:

- Science 8-9
- ELA 9-10
- Math 10 – 11
- Social studies 11-12
- Electives 12-1
- SPED 1-2

### Information:
